

Distribution Board

Type:	MG-M408C
[Ue] rated operational voltage:	415VAC
Breaking capacity:	10kA
Rated current:	100A
Rated frequency:	50/60Hz
Protection type:	overload protection, short-circuit protection
Rated impulse withstand voltage:	6kV
Degree of protection:	IP54
Feed:	Top and bottom Out door,
Installation:	Flush mounted
Material:	Steel
Board Dimension:	500x600x180mm
Enclosure color:	Light Gray
Standard:	IEC60947-1 IEC60947-2

Main Components

1. MCCB, MMC100F-100A,100A, triple pole (1 Piece).
2. Miniature circuit breaker, MK7-63, C32 single pole (9 Pieces).
3. Miniature circuit breaker, MK7-63, C25 single pole (9 Pieces).
4. Phase and neutral bars (2 Pieces)

Product feature

- Flush mounting
- Outdoor/outdoor use
- Top and bottom feed
- With copper connection kits for all incoming options
- Solutions with tailor made distribution boards to meet customer requirements.
- More than 100 combinations.
